

Hi Kate,

I just wanted to thank you for the Float Loading DVD. It has been fantastic. When we first got Pokie he wasn't too keen to get on a float at all. We could walk him up to it and he would throw his head and pull away.

Since watching your DVD and putting all off your pointers into practice Pokie is not only happy to go onto the Float, he now also self loads which makes ours and his life so much easier.

Thank you
G
