

Dear Kate,

I want to tell you how much I appreciated the outstanding performance you gave us all last Sunday week at your equine centre. Your relationship with and control of all the horses was breathtakingly impressive. You had your whole audience of some forty people totally captivated from the introduction of the first horse to the very end at lunch some two hours later.

Two expert horsemen of great experience who were present told me it was easily the most impressive display they had seen.

I talked to many people during the day, all of whom were equally impressed.

One can readily understand why you were so successful in both the UK and the USA.

Best wishes

MW
