To Whom It May Concern

I met Kate Fenner through a friend of mine. I have a 10 year old Welsh Mountain pony who was extremely difficult for my 9 year old daughter to ride and manage. I have been to another horse trainer prior to Kate who gave me standard basic training in ground work, but this did not make a great deal of change to my pony's attitude.

My friend and I decided to try Kate in a last bid effort to have our ponies rideable for our children. We drove our ponies to Kate's property for one weeks training and attended with our children the following weekend for a two day clinic. The results Kate achieved within a one week period were amazing, with the pony now actively starting to take direction from both on the ground and in the saddle. The techniques Kate uses in her ground work both actively teaches the horse to be in-frame, listen for the riders/handlers instructions and benefit from a good exercise regime.

I found that not only did my daughter and pony benefit from Kate's training, I also did. Kate is very calm and kind in her training with my daughter and her pony, and explained to me how to address and manage my pony's issues with regular & concise ground work.

My daughter and I really enjoy our time with Kate, my daughters confidence has grown since she has been having regular lessons with Kate. Kate drives to our pony club weekly in a 4 hour round trip were she gives 5 children, their ponies and two adult's lessons. Our Pony club is in the middle of suburbia in the Sutherland Shire, were we find it very difficult to get instructors to come some far for lessons.

The improvement in all the ponies and our children receiving lessons from Kate is nothing short of amazing. Looking at the happiness on our children's faces at being able to better control their naughty ponies is what having a pony is all about. The developing bond between our children and their ponies' is through the amazing hands on work and instruction by Kate.

Kate is a remarkable woman in both her handling of horses and people of all levels. I would have no hesitation in referring Kate to others who are looking for results.

Please do not hesitate in contacting me, should you require any other feedback.

Yours Sincerely

Nadine Nolan
